37 not be construed to grant any employer or individuals in the employer's service prior
38 claims or rights to the amounts paid by the employer into the fund. Benefits paid to
39 an eligible individual under the ~~Maine~~ Employment Security Law must be charged

1 against the experience rating record of the claimant's most recent subject employer,
2 except that, beginning January 1, 2018, benefits paid to an eligible individual under
3 the Employment Security Law must be charged against the experience rating record
4 of the claimant's employers in a ratio inversely proportional to the claimant's
5 employment beginning with the most recent employer, or to the General Fund if the
6 otherwise chargeable experience rating record is that of an employer whose status as
7 such has been terminated; except that no charge may be made to an individual
8 employer but must be made to the General Fund if the commission finds that:

9 (1) The claimant's separation from the claimant's last employer was for
10 misconduct in connection with the claimant's employment or was voluntary
11 without good cause attributable to the employer;

12 (2) The claimant has refused to accept reemployment in suitable work when
13 offered by a previous employer, without good cause attributable to the employer;

14 (3) Benefits paid are not chargeable against any employer's experience rating
15 record in accordance with section 1194, subsection 11, paragraphs B and C;

16 (5) Reimbursements are made to a state, the Virgin Islands or Canada for
17 benefits paid to a claimant under a reciprocal benefits arrangement as authorized
18 in section 1082, subsection 12, as long as the wages of the claimant transferred to
19 the other state, the Virgin Islands or Canada under such an arrangement are less
20 than the amount of wages for insured work required for benefit purposes by
21 section 1192, subsection 5;

22 (6) The claimant was hired by the claimant's last employer to fill a position left
23 open by a Legislator given a leave of absence under chapter 7, subchapter 5-A,
24 and the claimant's separation from this employer was because the employer
25 restored the Legislator to the position after the Legislator's leave of absence as
26 required by chapter 7, subchapter 5-A;

27 (7) The claimant was hired by the claimant's last employer to fill a position left
28 open by an individual who left to enter active duty in the United States military,
29 and the claimant's separation from this employer was because the employer
30 restored the military serviceperson to the person's former employment upon
31 separation from military service;

32 (8) The claimant was hired by the claimant's last employer to fill a position left
33 open by an individual given a leave of absence for family medical leave provided
34 under Maine or federal law, and the claimant's separation from this employer was
35 because the employer restored the individual to the position at the completion of
36 the leave; or

37 (9) The claimant initiated a partial separation or reduction of hours and that
38 partial separation or reduction of hours was agreed to by the employee and
39 employer.

40 **Sec. CCCC-3. 26 MRSA §1221, sub-§3, ¶C-1,** as enacted by PL 2011, c.
41 499, §2 and affected by §4, is repealed.

1 **Sec. CCCCC-4. 26 MRSA §1221, sub-§4, ¶B**, as amended by PL 1995, c. 220,
2 §1, is further amended to read:

3 B. Subject to paragraph A, each employer's contribution rate for the 12-month period
4 commencing January 1st of each year is based upon the employer's experience rating
5 record and determined from the employer's reserve ratio, which is the percent
6 obtained by dividing the amount by which, if any, the employer's contributions
7 credited from the time the employer first or most recently became an employer,
8 whichever date is later, and up to and including June 30th of the preceding year,
9 including any part of the employer's contributions due for that year paid on or before
10 July 31st of that year, exceed the employer's benefits charged during the same period,
11 by the employer's average annual payroll for the 36-consecutive-month period ending
12 June 30th of the preceding year. The employer's contribution rate is the percent
13 shown on the line of the following table on which in column A there is indicated the
14 employer's reserve ratio and under the schedule within which the reserve multiple
15 falls as of September 30th of each year. The following table applies for each 12-
16 month period commencing January 1st of each year as determined by paragraph C.
17 ~~Notwithstanding any other provisions of this paragraph, each employer's contribution~~
18 ~~rate computed and effective as of July 1, 1981, is for the 6 month period ending~~
19 ~~December 31, 1981.~~

Sec. CCCCC-5. 26 MRSA §1221, sub-§4-A, ¶B, as amended by PL 2007, c. 352, Pt. A, §2, is further amended to read:

B. Subject to paragraph A, an employer's contribution rate for the 12-month period commencing January 1st of each year is based upon the employer's experience rating record and determined from the employer's reserve ratio. The employer's reserve ratio is the percent obtained by dividing the amount, if any, by which the employer's contributions, credited from the time the employer first or most recently became an employer, whichever date is later, up to and including June 30th of the preceding year, including any part of the employer's contributions due for that year paid on or before July 31st of that year, exceed the employer's benefits charged during the same period, by the employer's average annual payroll for the period of 36 consecutive months ending June 30th of the preceding year. The employer's contribution rate is determined under subparagraphs (1) to (8).

(1) The commissioner shall prepare a schedule listing all employers for whom a reserve ratio has been computed pursuant to this paragraph, in the order of their reserve ratios, beginning with the highest ratio. For each employer, the schedule must show:

(a) The amount of the employer's reserve ratio;

(b) The amount of the employer's annual taxable payroll; and

(c) A cumulative total consisting of the amount of the employer's annual taxable payroll plus the amount of the annual taxable payrolls of all other employers preceding the employer on the list.

(2) The commissioner shall segregate employers into contribution categories in accordance with the cumulative totals under subparagraph (1), division (c). The contribution category is determined by the cumulative payroll percentage limits in column B. Each contribution category is identified by the contribution category number in column A that is opposite the figures in column B, which represent the percentage limits of each contribution category. If an employer's taxable payroll falls in more than one contribution category, the employer must be assigned to the lower-numbered contribution category, except that an employer may not be assigned to a higher contribution category than is assigned any other employer with the same reserve ratio.

14 (3-A) Beginning January 1, 2008, the commissioner shall compute a reserve
15 multiple to determine the schedule and planned yield in effect for a rate year. The
16 reserve multiple is determined by dividing the fund reserve ratio by the average
17 benefit cost rate. The determination date is October 31st of each calendar year.
18 The schedule and planned yield that apply for the 12-month period commencing
19 on January 1, 2008 and every January 1st thereafter are shown on the line of the
20 following table that corresponds with the applicable reserve multiple in column
21 A.

A	B	C
Reserve	Schedule	Planned
Multiple		Yield
Over 1.58	A	0.6%
1.50 - 1.57	B	0.7%
1.42 - 1.49	C	0.8%
1.33 - 1.41	D	0.9%
1.25 - 1.32	E	1.0%
.50 - 1.24	F	1.1%
.25 - .49	G	1.2%
Under .25	H	1.3%

33 (4) The commissioner shall compute the predetermined yield by multiplying the
34 ratio of total wages to taxable wages for the preceding calendar year by the
35 planned yield.

36 (5) The commissioner shall determine the contribution rates effective for a rate
37 year by multiplying the predetermined yield by the experience factors for each
38 contribution category. Contribution category 20 in the table in subparagraph (2)
39 must be assigned a contribution rate of at least 5.4%. The employer's experience
40 factor is the percentage shown in column C in the table in subparagraph (2) that
41 corresponds with the employer's contribution category in column A, except that
42 the experience factors in column E must be used to determine the contribution
43 rates for rate years 2000 and 2001 and those in column D must be used for rate

years 2002 and 2003. Beginning January 1, 2018, for rate years when schedule A is in effect as determined in subparagraph (3-A), the experience factor in subparagraph (2) for contribution category 1 is assigned an experience factor of 0.00 in column C.

(6) If, subsequent to the assignment of contribution rates for a rate year, the reserve ratio of an employer is recomputed and changed, the employer must be placed in the position on the schedule prepared pursuant to subparagraph (1) that the employer would have occupied had the corrected reserve ratio been shown on the schedule. The altered position on the schedule does not affect the position of any other employer.

(7) In computing the contribution rates, only the wages reported by employers liable for payment of contributions into the fund and net benefits paid that are charged to an employer's experience rating record or to the fund are considered in the computation of the average benefit cost rate and the ratio of total wages to taxable wages.

(8) Beginning January 1, 2008, all contribution rates must be reduced by the Competitive Skills Scholarship Fund predetermined yield as defined in section 1166, subsection 1, paragraph C, except that contribution category 20 under this paragraph may not be reduced below 5.4%.

PART DDDDD

Sec. DDDDD-1. Commissioner of Labor; position review after reorganization. The Commissioner of Labor shall recommend positions to be eliminated pursuant to reorganizations within the Employment Security Services program and the Employment Services Activity program and shall submit a report identifying the positions recommended to be eliminated to the joint standing committee of the Legislature having jurisdiction over labor matters by March 1, 2019. The joint standing committee of the Legislature having jurisdiction over labor matters may report out legislation to the First Regular Session of the 129th Legislature implementing the recommendations.

Sec. EEEEE-1. 12 MRSA §6304-A is enacted to read:

§6304-A. Coastal Fisheries, Research Management and Opportunity Fund

The Coastal Fisheries, Research Management and Opportunity Fund, referred to in this section as "the fund," is established within the department. For each license or permit issued under this Part, 30% of the fee charged must be deposited into the fund. The fund must be used to fund scientific research, management or enforcement activities related to marine resources. Unexpended balances in the fund at the end of a fiscal year do not lapse but must be carried forward to the next fiscal year. Any interest earned by the fund must be credited to the fund.

12 a Class A, B or C crime or violated a provision of Title 17-A, chapter 15, 29, 37 or 39. A

1-A. Interpretation. The statewide assessment program results may be interpreted in a manner that takes into account the particular role within a school administrative unit of regional special education or regional alternative education programs or schools approved by the commissioner in accordance with ~~chapter 113-A~~ or section 7253. For these programs or schools, the results may be interpreted by assigning the student and the scores of the student to the school in the community where the student resides. The commissioner shall adopt rules to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Sec. VVVVV-9. 20-A MRSA §15672, sub-§2-A, ¶B, as amended by PL 2007, c. 111, §3, is further amended to read:

B. Lease costs for school buildings when the leases, including leases under which the school administrative unit may apply the lease payments to the purchase of portable, temporary classroom space, have been approved by the commissioner for the year prior to the allocation year. Lease costs include costs for leasing:

(1) Administrative space. A school administrative unit engaged in a state-approved lease-purchase agreement for administrative space is eligible for state support until July 1, 2008;

(2) Temporary and interim instructional space. Temporary space is instructional space consisting of one or more mobile or modular buildings that are portable, that are constructed on- or off-site and that can be disassembled and moved economically to a new location. Interim instructional space is fixed instructional space that a school administrative unit rents for a defined period of time and then vacates at the end of the lease.

(a) A school administrative unit with state-approved need for instructional space may lease temporary or interim space, with state support, for a maximum of 5 years. A school administrative unit may appeal to the commissioner if this limitation presents an undue burden. When making a determination on a school administrative unit's request for relief based on undue burden, the commissioner may consider, but is not limited to considering, the following:

(i) Fiscal capacity;

(ii) Enrollment demographics; and

(iii) Unforeseen circumstances not within the control of the appealing school administrative unit.

An extension granted by the commissioner beyond the 5-year maximum for state support is limited to a period of one year. Any additional request for extensions must be submitted and reviewed on an annual basis. The commissioner's decision is final.

(b) A school administrative unit with state-approved need for instructional space may engage in a lease-purchase agreement for temporary or interim instructional space with state support for a maximum of 5 years; ~~and~~

(3) Permanent small instructional space that replaces existing approved leased temporary or interim instructional space. Permanent small instructional space consists of new buildings or additions to existing buildings that are secured to a permanent foundation. Once an existing leased temporary or interim instructional space has been replaced by a permanent small instructional space through an approved financing agreement, that space is eligible for state support for a maximum of 10 years; ~~and~~

(4) Regional programs and services space. A school administrative unit engaged in a state-approved lease-purchase agreement for regional programs and services space that serves students from 2 or more school administrative units is eligible for state support for a maximum of 5 years.

The department shall adopt rules necessary to implement this paragraph. Rules adopted by the department to implement this paragraph are major substantive rules pursuant to Title 5, chapter 375, subchapter 2-A; and

4. Total allocation and state contribution. The commissioner shall determine an eligible school administrative unit's total school management and leadership center allocation under subsection 3 as the school management and leadership center per-pupil rate in subsection 1 multiplied by the school administrative unit's subsidizable pupil count for October 1st of the most recent calendar year prior to the year of funding. The state contribution for each school administrative unit's school management and leadership center allocation is the allocation multiplied by the school administrative unit's state share percentage pursuant to section 15672, subsection 31, not to exceed 70% and not less than 30%.

34 B. The department may use funds, insofar as resources permit, provided under and in
35 accordance with the United States Social Security Act or state funds appropriated for
36 this purpose or a combination of state and federal funds to provide assistance to
37 families under this chapter. In addition to assistance for families described in this
38 subsection, funds must be expended for the following purposes:

39 (1) To continue the pass-through of the first \$50 per month of current child
40 support collections and the exclusion of the \$50 pass-through from the budget
41 tests and benefit calculations;

(2) To provide financial assistance to noncitizens legally admitted to the United States who are receiving assistance under this subsection as of July 1, 2011. Recipients of assistance under this subparagraph are limited to the categories of noncitizens who would be eligible for the TANF programs but for their status as aliens under PRWORA. Eligibility for the TANF program for these categories of noncitizens must be determined using the criteria applicable to other recipients of assistance from the TANF program. Any household receiving assistance as of July 1, 2011 may continue to receive assistance, as long as that household remains eligible, without regard to interruptions in coverage or gaps in eligibility for service. A noncitizen legally admitted to the United States who is neither receiving assistance on July 1, 2011 nor has an application pending for assistance on July 1, 2011 that is later approved is not eligible for financial assistance through a state-funded program unless that noncitizen is:

(a) Elderly or disabled, as described under the laws governing supplemental security income in 42 United States Code, Sections 1381 to 1383f (2010);

(b) A victim of domestic violence;

(c) Experiencing other hardship, such as time necessary to obtain proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A; or

(d) Unemployed but has obtained proper work documentation, as defined by the department by rule. Rules adopted by the department under this division are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A;

(3) To provide benefits to 2-parent families with children using the same eligibility requirements as apply to families headed by a single custodial parent or caretaker relative;

(4) To provide an assistance program for needy children, 19 to 21 years of age, who are in full-time attendance in secondary school. The program is operated for those individuals who qualify for TANF under the United States Social Security Act, except that they fail to meet the age requirement, and is also operated for the parent or caretaker relative of those individuals. Except for the age requirement, all provisions of TANF, including the standard of need and the amount of assistance, apply to the program established pursuant to this subparagraph;

(5) To provide assistance for a pregnant woman who is otherwise eligible for assistance under this chapter, except that she has no dependents under 19 years of age. An individual is eligible for the monthly benefit for one eligible person if the medically substantiated expected date of the birth of her child is not more than 90 days following the date the benefit is received;

(6) To provide a special housing allowance for TANF families whose shelter expenses for rent, mortgage or similar payments, homeowners insurance and property taxes equal or exceed ~~75%~~ 50% of their monthly income. The special housing allowance is limited to \$300 per month for each family. For purposes of

1 this subparagraph, "monthly income" means the total of the TANF monthly
2 benefit and all income countable under the TANF program, plus child support
3 received by the family, excluding the \$50 pass-through payment;

4 (7) In determining benefit levels for TANF recipients who have earnings from
5 employment, the department shall disregard from monthly earnings the
6 following:

7 (a) One hundred and eight dollars;

8 (b) Fifty percent of the remaining earnings that are less than the federal
9 poverty level; and

10 (c) All actual child care costs necessary for work, except that the department
11 may limit the child care disregard to \$175 per month per child or \$200 per
12 month per child under 2 years of age or with special needs;

13 (7-A) In determining eligibility and benefit levels, the department may apply a
14 gross income test only to applicants and not to recipients;

15 (8) In cases when the TANF recipient has no child care cost, the monthly TANF
16 benefit is the maximum payment level or the difference between the countable
17 earnings and the standard of need established by rule adopted by the department,
18 whichever is lower;

19 (9) In cases when the TANF recipient has child care costs, the department shall
20 determine a total benefit package, including TANF cash assistance, determined in
21 accordance with subparagraph (7) and additional child care assistance, as
22 provided by rule, necessary to cover the TANF recipient's actual child care costs
23 up to the maximum amount specified in section 3782-A, subsection 5. The
24 benefit amount must be paid as provided in this subparagraph.

25 (a) Before the first month in which child care assistance is available to an
26 ASPIRE-TANF recipient under this paragraph and periodically thereafter, the
27 department shall notify the recipient of the total benefit package and the
28 following options of the recipient: to receive the total benefit package
29 directly; or to have the department pay the recipient's child care assistance
30 directly to the designated child care provider for the recipient and pay the
31 balance of the total benefit package to the recipient.

32 (b) If an ASPIRE-TANF recipient notifies the department that the recipient
33 chooses to receive the child care assistance directly, the department shall pay
34 the total benefit package to the recipient.

35 (c) If an ASPIRE-TANF recipient does not respond or notifies the
36 department of the choice to have the child care assistance paid directly to the
37 child care provider from the total benefit package, the department shall pay
38 the child care assistance directly to the designated child care provider for the
39 recipient. The department shall pay the balance of the total benefit package
40 to the recipient;

(10) Child care assistance under this paragraph must be paid by the department in a prompt manner that permits an ASPIRE-TANF recipient to access child care necessary for work; and

(11) The department shall adopt rules pursuant to Title 5, chapter 375 to implement this subsection. Rules adopted pursuant to this subparagraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

1. Amount of assistance. It is the goal of this section to provide low-income families with children sufficient income to meet their most basic needs. If the commissioner determines that unexpended funds are available within the Department of Health and Human Services state or federal ASPIRE or TANF accounts, the commissioner may, by rule, use those funds to increase the maximum levels of assistance in the TANF ~~Program~~ program.

~~A. Beginning October 1, 2001, the department shall use unexpended funds in the TANF program to increase the maximum amount of TANF assistance by an amount equal to 5% of the maximum payments that were in effect on January 1, 2001, and shall increase the standard of need to maintain the same differential between the maximum payment and the standard of need that was in effect on January 1, 2001. Initial applicants for assistance may not become eligible for assistance as a result of any increase in the standard of need required by this paragraph.~~

~~B. Beginning with the 2004-2005 fiscal biennium, the commissioner must continue the 5% benefit increase provided for in paragraph A in the department's current services budget request for the TANF block grant.~~

C. Beginning October 1, 2017, the department shall increase the maximum amount of monthly TANF assistance by an amount equal to 20% of the maximum payments that were in effect on January 1, 2017 and shall increase the standard of need to maintain the same differential between the maximum payment and the standard of need that was in effect on January 1, 2017.

D. Beginning October 1, 2018 and for each year thereafter, the department shall increase the maximum amount of monthly TANF assistance by an amount equal to the increase, if any, in the cost of living and shall increase the standard of need to maintain the same differential between the maximum payment and the standard of need that was in effect on January 1, 2017. The increase in the cost of living for each year must equal the percentage increase, if any, in the federal supplemental security income program for that year.

Sec. NNNNNNN-12. 22 MRSA §§3769-E and 3769-F are enacted to read:

§3769-E. Temporary Assistance for Needy Families block grant; increased heating assistance

In fiscal year 2017-18 and annually thereafter, the Department of Health and Human Services shall provide \$3,000,000 in funds provided under the Temporary Assistance for

Needy Families block grant to the Maine State Housing Authority to provide heating assistance for low-income families with children.

The Maine State Housing Authority may retain what the department determines to be a reasonable administrative fee from the Temporary Assistance for Needy Families block grant for the cost of administering the heating assistance available under this section.

§3769-F. Working Cars for Working Families Program

This section is repealed July 1, 2022.
